## DOUMA ASSERTS ITS RIGHTS

Russian Finance Minister is Censured

## VIOLATED LAW IN LOAN

Issue of \$3,000,000—Chinese Boycott of Japanese Still Strong—Mula Haid at Moroccan Capital; Names a Cabinet.

St. Petersburg, June 19.—The Douma firmly reasserted its rights in governmental financial matters last night, and passed a vote of disapprobation in the issuance by C. M. Kokovsov, minister of finance, of an internal loan of \$3,000,000 last January, without legislative sanction. The Douma some time ago adopted an interpellation seeking from the finance minister his reasons for inducing the emperor to issue an imperial ukase authorizing this loan, in violation of a provision of the fundamental law requiring the sanction of the Douma in all budget operations. M. Kokovsov made a brief explanation yesterday, and was followed by M. Alexienko, president of the budget committee, who warned the minister in strong terms that the repetition of such an encroachment upon the Douma's prerogatives would lead to a serious conflict. The Douma, by a large majority expressed the hope that all further issues of notes on the state bank would be submitted before hand to the Douma.
